COMMUNITY PROFILE

A Little About Provincetown Schools

Provincetown Schools is an International Baccalaureate School and we are very proud of our accreditation. We are a small school with approximately 160 students from our infant and toddler program through 8th grade. We have a very diverse student population and a very active town community that truly supports our students. Our town is steeped in culture, tradition and history.

The School Committee is looking for a full time superintendent to take on the challenges of continuing our IB accreditation and helping our students and staff achieve academic excellence with a strong emphasis on project based learning. We are a very small district therefore the expectations of a Superintendent is to be able to have a hands-on approach with administrative duties. We are looking for someone with strong communication, leadership and partnership skills to lead our school district into the future.
