

NONDISCRIMINATION

Public schools have the responsibility to overcome, insofar as possible, any barriers that prevent children from achieving their potential. The public school system will do its part. This commitment to the community is affirmed by the following statements that the School Committee intends to:

1. Promote the rights and responsibilities of all individuals as set forth in the State and Federal Constitutions, pertinent legislation, and applicable judicial interpretations.
2. Encourage positive experiences in human values for children, youth and adults, all of whom have differing personal and family characteristics and who come from various socioeconomic, racial and ethnic groups.
3. Work toward a more integrated society and to enlist the support of individuals as well as groups and agencies, both private and governmental, in such an effort.
4. Use all appropriate communication and action techniques to air and reduce the grievances of individuals and groups.
5. Carefully consider, in all the decisions made within the school system, the potential benefits or adverse consequences that those decisions might have on the human relations aspects of all segments of society.
6. Initiate a process of reviewing policies and practices of the school system in order to achieve to the greatest extent possible the objectives of this statement.

The Committee's policy of nondiscrimination will extend to students, staff, the general public, and individuals with whom it does business; No person shall be excluded from or discriminated against in admission to a public school of any town or in obtaining the advantages, privileges, and courses of study of such public school on account of race, color, sex, **gender identity**, religion, national origin, sexual orientation or disability. If someone has a complaint or feels that they have been discriminated against because of their race, color, sex, **gender identity**, religion, national origin, sexual orientation or disability, their complaint should be registered with the Title IX compliance officer.

If a policy relates to staff only, to students only, or a particular form of non-discrimination, it is better filed elsewhere. Appropriate codes for such statements are indicated by the cross-references.

Regulations pertaining to all forms of nondiscrimination -- or a procedure all persons can resort to for redress of grievances related to nondiscrimination -- would follow under code AC-R.

Law in most instances requires official School Committee approval of regulations in this area.

NONDISCRIMINATION ON THE BASIS OF SEX

The School Committee, in accordance with Title IX of the Education Amendments of 1972, declares that the school system does not and will not discriminate on the basis of sex in the educational programs and activities of the public schools. This policy will extend not only to students with regard to educational opportunities, but also to employees with regard to employment opportunities.

The School Committee will continue to ensure fair and equitable educational and employment opportunities, without regard to sex, to all of its students and employees.

The Committee will designate an individual to act as the school system's Title IX compliance officer. All students and employees will be notified of the name and office address and telephone number of the compliance officer.

EQUAL EMPLOYMENT OPPORTUNITY

The School Committee subscribes to the fullest extent to the principle of the dignity of all people and of their labors and will take action to ensure that any individual within the District who is responsible for hiring and/or personnel supervision understands that applicants are employed, assigned, and promoted without regard to their race, creed, color, age, sex, **gender identity**, national origin, disability or sexual orientation. Every available opportunity will be taken in order to assure that each applicant for a position is selected on the basis of qualifications, merit and ability.

PROFESSIONAL STAFF HIRING

Through its employment policies, the District will strive to attract, secure, and hold the highest qualified personnel for all professional positions. The selection process will be based upon awareness to candidates who will devote themselves to the education and welfare of the children attending the schools.

It is the responsibility of the Superintendent, and of persons to whom he or she delegates this responsibility, to determine the personnel needs of the school system and to locate suitable candidates. No position may be created without the approval of the School Committee. The District's goal is to employ and retain personnel who are motivated, will strive always to do their best, and are committed to providing the best educational environment for the children

It will be the duty of the Superintendent to see that persons considered for employment in the schools meet all certification requirements and the requirements of the Committee for the type of position for which the nomination is made.

The following guidelines will be used in the selection of personnel:

1. There will be no discrimination in the hiring process due to age, sex, **gender identity**, creed, race, color, national origin, disability, sexual orientation or place of residence.
2. The quality of instruction is enhanced by a staff with a wide variation in background, educational preparation, and previous experience.
3. **The administrator responsible for the hiring of a staff member (in the case of District-wide positions, for the position of Principals, it is the Superintendent; for building-based personnel, it is the Principal) is directed to establish a representative screening committee. The administrator has the final say in determining who will be hired but it is expected that the screening committee's input will be a factor in the decision. For those positions where the hiring authority rests with the School Committee a representative screening committee may be established by the School Committee or the School Committee may direct the Superintendent to establish a screening committee to assist the Superintendent in making his recommendation to the School Committee.**

INSTRUCTIONAL MATERIALS

The School Committee believes that materials appropriate to the needs of the school program must be available to each student and teacher. These will be furnished by the School Committee subject to budgetary constraints.

The task of selecting instructional materials for programs will be delegated to the professional staff of the school system. Because instructional programs and materials are of great importance, only those that meet the following criteria will be approved by the Committee:

1. They must present balanced views of international, national, and local issues and problems of the past, present and future.
2. They must provide materials that stimulate growth in factual knowledge, literary appreciation, aesthetic and ethical values.
3. They must help students develop abilities in critical reading and thinking.
4. They must help develop and foster an appreciation of cultural diversity and development in the United States and throughout the world.
5. They must provide for all students an effective basic education that does not discriminate on the basis of race, age, color, religion, national origin, sex, **gender identity**, physical disabilities or sexual preference.
6. They must allow sufficient flexibility for meeting the special needs of individual students and groups of students.

EQUAL EDUCATIONAL OPPORTUNITIES

In recognition of the diversified characteristics and needs of our students and with the keen desire to be responsive to them, the School Committee will make every effort to protect the dignity of the students as individuals. It also will offer careful consideration and sympathetic understanding of their personal feelings, particularly with reference to their race, color, sex, **gender identity**, religion, national origin, sexual orientation or physical and intellectual differences.

To accomplish this, the Committee and its staff will make every effort to comply with the letter and the spirit of the Massachusetts equal educational opportunities law (~~known as Chapter 622 of the Acts of 1971~~), which prohibits discrimination in public school admissions and programs. The law reads as follows:

No child shall be excluded from or discriminated against in admission to a public school of any town, or in obtaining the advantages, privileges and course of study of such public school on account of race, color, sex, **gender identity**, religion, national origin or sexual orientation.

This will mean that every student will be given equal opportunity in school admission, admissions to courses, course content, guidance, and extracurricular and athletic activities.

All implementing provisions issued by the Board of Elementary and Secondary Education in compliance with this law will be followed.
